Benefits

-  **ATTRACT** new customers
-  **MAXIMIZE** the value of existing customers
-  **CREATE** raving fans
-  **CONTROL** costs
-  **TRACK** critical performance indicators
-  **STREAMLINE** your infrastructure

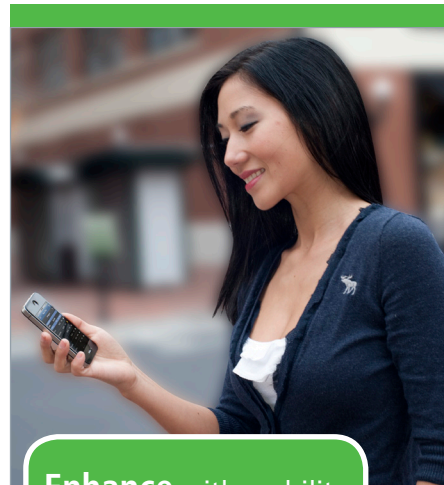

Connect with customers

NCR ALOHA STORED VALUE
Drive brand awareness and new loyal customers through a seamlessly implemented gift card program.

NCR ALOHA LOYALTY
Turn your existing customers into the ideal patron; one that visits when you want them to and buys your most profitable items with a innovative, customized loyalty program.

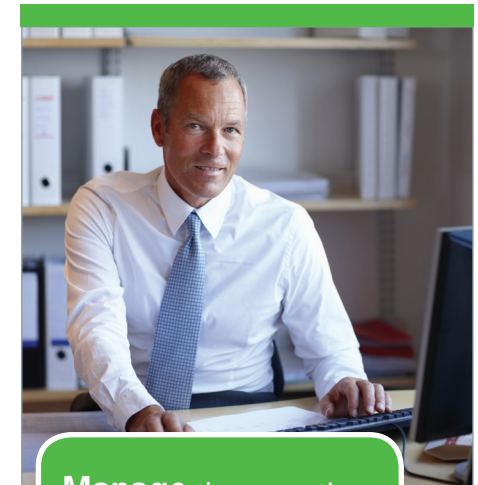

NCR CUSTOMER VOICE
Survey tool that allows you to turn your happy customers (promoters) into an unpaid sales force to help grow business by leveraging social media channels and using them as a referral service for the brand.

Enhance with mobility

NCR ALOHA ONLINE AND MOBILE ORDERING
Driving off-site orders in an easy and convenient way for your customers to do business with you. Provides customers with instant access to menus and pricing, transmits orders electronically to stores, and drives revenue.

NCR PULSE REAL-TIME
Easily access actionable operational data in real time through a mobile device in a way that drives business success, makes running your store easier, and enables great employee interaction.

Manage the operation

NCR ALOHA RESTAURANT GUARD
Protect your restaurant's bottom line profits with a sophisticated tool that balances proactive and reactive reporting to provide increased visibility to encourage positive behavior.

NCR ALOHA INSIGHT
Increase visibility into your business to improve profit margin and reduce costs through a robust, web-based reporting system for sales and labor.

NCR NETWORK AND SECURITY SERVICES
Strengthen IT infrastructure to support flexible and reliable business operations.

NCR MERCHANT SOLUTIONS
Safely and efficiently process customer credit card transactions.

NCR ALOHA COMMAND CENTER
Simplifies the site support process without compromising security.

NCR ALOHA CONFIGURATION CENTER
Manage, schedule, and distribute data using robust software.

We help you transform your operations and interactions with your guests and staff. From attracting, retaining and engaging customers to increasing your productivity and providing mobile freedom, our solutions deliver value to every aspect of your restaurant operations.
