

I AM NCR ALOHA RESTAURANT GUARD

Real-time monitoring and alerts are the best defense

NCR Aloha Restaurant Guard helps restaurant owners and managers monitor and identify threats to their business. This powerful back-office and mobile solution provides managers with all the tools and insights they need to identify and mitigate losses proactively, while strengthening internal controls.

Real-time loss prevention

Monitor transactional patterns and statistical variances in real time to identify any fraudulent activity occurring at the terminal. Move swiftly to address potential theft, minimizing its impact.

Increased profitability

Protect your restaurant's bottom line, freeing up capital for business growth and operational improvements.

Improved workforce management

Determine your highest and lowest performing servers and create a healthy workplace by motivating your top employees.
